## GENERAL CONDITIONS FOR PRINTING CONTRACTS

1. PUBLIC PRINTING LAW: The contract resulting from this solicitation shall be subject to the provisions of R.S. 43:1, State Printing.
2. PREVIOUS USAGE: The usage estimates provided in the specifications are based on the best information available to State Purchasing for usage of various printing items during the most recent available contract year. These previous usage figures in no way represent a commitment by the State as to the amount of printing to be done during the upcoming Contract period but are provided solely for the bidder's information.
3. BASIS OF AWARD: It is the State's intent to award this contract to the single lowest bidder in order to simplify communication and coordination for both the contractor and the State. However, the right is reserved to award items separately or on a group basis and to reject individual items. Contract will be awarded to the successful bidder(s) for performance in strict compliance with the standards and specifications of the contract in all regards as to workmanship, stock, materials, and delivery.
4. SUBLETTING CONTRACT: The Contractor shall be held responsible for the work of any sub-contractor(s) and shall see that the work is done without unnecessary delay in a good workmanlike manner, and that all necessary priority over other work is given. The Contractor shall not be relieved of any obligation to the State of Louisiana by any subletting of a contract in whole or in part to another.
5. QUALITY OF WORKMANSHIP AND STOCK: Representatives of the State shall have access to the Contractor's plant at any time during working hours to inspect work in process. However, such inspection shall not relieve the Contractor from any responsibility under this agreement for material or workmanship found defective after delivery.

All articles furnished and work done must be of a first class quality. The use of poor type, poor presswork or the use of a different color of ink than that ordered, inferior binding, inferior quality or mismatched paper stock, a lesser grade of paper than that ordered, or any other discrepancies will be sufficient cause for the rejection of the work and for refusal of payment thereof.

The Contractor must at all times be able to furnish within a reasonable period of time those supplies named in the specifications, unless a substitute is approved by State Purchasing. If any different kind is substituted, the quality shall be equal and the prices shall not exceed that named for similar articles in the specifications. Substitutions of stock made without the approval of the State Director of Purchasing will be grounds for non-payment for that particular job.

In all printing, the proof shall be read by original copy and corrected in the establishment of the Contractor. All typeset material is to be free from printer's errors. A "clean" proof is to be furnished to the department, board or institution ordering the printing. Proofs will be submitted upon request only, unless required by the contract.

6. ORDERING PROCEDURES: Agencies authorized to use this contract are delegated the authority, in accordance with R.S. 43:1.B (2) to submit orders directly to the contract vendor. **Agencies will issue orders directly to the contractor, using a printing authorization form specific to this contract, similar to the form attached.** In no case shall the contractor accept an order from an agency without an authorization in writing.

The contractor shall only accept orders, which can be produced within the provisions of this contract. If an order requested cannot be priced under the price schedule herein, or if the quantity requested exceeds the maximum allowed on this contract, the order must be returned to the ordering agency.

The contractor is to provide cost estimates to the requisitioning agency upon request. The estimate is to be the contractor's best estimate of cost but does not obligate him to this amount. Charges will be according to contract pricing.

## GENERAL CONDITIONS FOR PRINTING CONTRACTS (cont'd)

The contractor shall also provide status on orders, whenever requested by phone, within 24 hours.

**The contractor must furnish the Office of State Purchasing one finished sample and a copy of the itemized billing upon completion of each job produced under this contract.**

7. **DELIVERY:** Delivery is to be FOB inside agency which shall include all cost of transportation and inside delivery within any office or building as specified. Completed work shall be shipped or delivered promptly without any unnecessary or avoidable delay.

Whenever because of inefficiency, inaccuracy, or delay for which the Contractor is responsible, it is necessary for the ordering agency to communicate with the Contractor, this will be done through the Office of State Purchasing.

By accepting a contract for printing, binding, engraving, or lithographing, the Contractor agrees to complete the work and deliver the goods as specified promptly, satisfactorily and without unnecessary delay. The Contractor will give said work the necessary priority over other work to assure timely delivery. The State Director of Purchasing reserves the right to determine what is an unnecessary delay and/or unsatisfactory goods. After fully hearing the reasons for delay in doing the work, the State Director of Purchasing may fix a definite date by which same must be completed and goods delivered. If work is not completed and goods satisfactorily delivered within the specified time, the State Director of Purchasing reserves the right to have the work done elsewhere charging the contractor any excessive cost for work above contract pricing. Should it become necessary to purchase a contract item from another source, other legal actions and/or immediate cancellation of the contract could result.

8. **PRICING:** Prices will be calculated at the rate bid per lot. When a smaller quantity is ordered than the lowest quantity for which the price is given in the contract, the price to be used for printing will be that of the smallest quantity stated in the contract, which is considered a minimum price.

In no case will a contractor be allowed to charge for more than the exact amount of any article ordered without the consent of State Purchasing except that under ordinary conditions an overrun and an underrun may be approved.

Each job will be billed at the per thousand rate according to the quantity ordered but calculated based on amount shipped.

Substitutes used without the consent of State Purchasing will not be approved for payment.

9. **INVOICES:** Invoices will be submitted by the contractor to the ordering agency, and the invoice shall refer to the delivery ticket number, delivery date, purchase order number, quantity, unit price and delivery point. A separate invoice for each order delivered and accepted shall be submitted by the contractor in duplicate directly to the accounting department of the ordering agency. Invoices shall show the amount of any cash discount and shall be submitted on the contractor's own invoice form.

**Each invoice shall be accompanied by a copy of the Printing Contract Order Form submitted by the agency, and the contractor's billing worksheet showing the various components of the job and their respective charges, and showing the calculations done to arrive at the total amount of the invoice.**

10. **PAYMENT:** State Agencies are directed to pay contractor upon presentation of properly executed invoice after goods have been received, inspected, and accepted. The using agency will be required to pay the amount of the invoice within thirty (30) days after its receipt. Such price and payment will constitute full compensation of furnishing and delivering the contract commodities. In no case will the State Agency refuse to make partial payments to contractor, provided proper invoices have been furnished and approved, although all items have not been delivered. This payment in no way relieves the contractor of his responsibility to effect shipment of the balance of the order.

## GENERAL CONDITIONS FOR PRINTING CONTRACTS (cont'd)

11. DOWNWARD REVISION: All prices submitted as bids in this contract shall be subject to downward revision, with the approval of the State Director of Purchasing to conform with any and all laws or codes that may be enacted by either Federal or State law-making bodies, and promulgated or proclaimed by the President of the United States or the Governor of the State of Louisiana.
11. CANCELLATION OF CONTRACT FOR CONVENIENCE: The Division of Administration reserves the right to cancel the contract with contractor upon thirty (30) days written notice.
12. RESERVATIONS: The right shall be reserved by the State Director of Purchasing for all State Departments, Boards, and Commissions, and any other State Agency to which this contract applies to use state facilities for printing, rather than purchasing under contract.

In case of any emergency, when delivery is required by a date earlier than the contractor is required to furnish under this contract, and when the contractor cannot meet the delivery required, the Director of State Purchasing reserves the right to secure bids for printing from persons other than the Contractor, and to purchase from any other source he may deem fit without liability either on the part of the State of Louisiana or the Contractor.

13. NON-EXCLUSIVITY CLAUSE: This agreement is non-exclusive and shall not in any way preclude state agencies from entering into similar agreements and/or arrangements with other vendors or from acquiring similar, equal, or like goods and/or services from other entities or sources.
14. CONTRACT PERFORMANCE EVALUATION: In an effort to improve our contracts to meet the needs of the agencies we serve, the contractor's performance will be monitored. Agencies' feedback will be requested regarding customer service, delivery, product quality, billing, overall effectiveness of the contract, and any needed changes. Their responses will be considered in determining our options for renewals or revisions and rebidding. To view the content of the contract performance evaluation form, go to [www.state.la.us/osp/onlineforms/formlisting.htm](http://www.state.la.us/osp/onlineforms/formlisting.htm), or call for a copy.

Agency reports of deficient performance will be appropriately addressed during the contract period.

15. RENEWAL: At the option of the Division of Administration and acceptance by the contractor, this contract may be renewed for two (2) additional 12-month periods, at the same prices, terms, and conditions. Total contract not to exceed 36 months.
16. SAMPLES: All bidders are requested to submit with their bids, samples of work similar to this type of printing to demonstrate their ability to perform the contract at the quality standard desired. Failure to submit samples may be cause, at the discretion of the Director of State Purchasing, or his designee, to disqualify a bidder from award.
17. CERTIFICATION OF NO SUSPENSION OR DEBARMENT: By signing and submitting any bid for \$100,000 or more, the bidder certifies that their company, any subcontractors, or principals are not suspended or debarred by the General Services Administration (GSA) in accordance with the requirements in OMB Circular A-133. A list of parties who have been suspended or debarred can be viewed via the Internet at [www.amet.gov/eplis](http://www.amet.gov/eplis).

## COMMISSIONS, CERTIFICATES, LICENSES and DIPLOMAS

### GENERAL REQUIREMENTS

1. **Commissions, certificates, licenses, and diplomas are required to be printed in various sizes.**

The purchasing agency may request various sizes. The Office of State Purchasing, Printing Section, will determine the most feasible size and encourage the Agency to revise their size to standard, but orders for sizes other than standard may occur. The following sizes are standard:

3. **Special Jobs** - If the commodity requested cannot be priced from the price schedule, the request for the commodity must be returned to the Agency Purchasing Division. Commodities that cannot be priced from this contract may be purchased by the normal bid procedure or returned to the contract vendor as a special job.

Since all conditions cannot be stipulated for special jobs, the vendor will furnish services not enumerated. They will be priced based on the lowest cost of the same services provided in other State Printing Contracts. If there is not a State Printing Contract for these services then the price shall be less than those stated in the Franklin Offset Printing Catalog. The contractor shall furnish the Agency Purchasing Division a firm estimate of price for special services, within three (3) days of receipt of order for approval. This procedure must be strictly adhered to. Failure to contact the Agency Purchasing Division for approval prior to use of special materials or features may result in non-payment of such materials or features.

4. **Property of the State** - All art, film, negatives, special plates and dies are the property of the State of Louisiana. The contractor will be responsible for labeling and storing all negatives, artwork, etc., for each job in this contract in one location, separate from all other work, and for maintaining a written inventory of all such materials. These negatives (stripped on flats), artwork, etc., shall be readily available upon request and furnished within three (3) working days of request.

Upon award of contract to a new contractor, the previous contractor will be required to immediately furnish a written inventory of all negatives and/or other materials stored. Two (2) copies of the inventory listing shall be provided: one (1) is to be furnished to the new contractor along with all negatives, artwork, etc., listed, and one (1) mailed to the Office of State Purchasing, Printing Section. Any freight charges incurred are to be paid for by the contractor providing the negatives. The new contractor will be required to furnish written verification that all items listed were received.

The contractor may be requested to furnish negatives to the Division of Administration, State Printing Office, or other state printing facility. In such case, the contractor providing the negatives will be responsible for any associated transportation charges. When negatives are sent to another location, they are to remain stripped in flats.

## COMMISSIONS, CERTIFICATES, LICENSES, & DIPLOMAS

### GENERAL REQUIREMENTS (CONTINUED)

The contractor will not dispose of any negatives or material without obtaining written approval from the user agency and furnishing a copy of this approval to the Office of State Purchasing.

It will be the contractor's responsibility to maintain proof of negative transfer or disposal. If at any time, the contractor cannot provide any negatives for which he has initially confirmed receipt and cannot provide proof of transfer or approved disposal, he will be required to remake the negatives at his expense.

5. **Underruns and Overruns** - Under ordinary conditions, the Agencies Purchasing Divisions will approve an underrun or an overrun not to exceed:

100	to	50,000	-	10%
50,001	to	100,000	-	8%
100,001	to	150,000	-	4%

The vendor will be responsible for remaking any items damaged in shipment. All prices include the cost of preparing shipping bundles, packing, and sealing shipping containers, and marking packages and shipping bundles or containers by printing, stenciling, or labeling. All materials required, including shipping containers, are to be furnished by the contractor. The cost of such materials is included in the prices indicated.

Shipping containers and bundles shall not exceed 45 pounds when fully packed. Weight limitation may be exceeded to comply with specifications when a specific quantity per shipping container or bundle is ordered.

The commodity will be packed in a new outer carton of corrugated fiberboard. Shipping containers must be durable to permit delivery of the job to destination without damage.

The label will contain the commodity number, commodity name, and quantity.

The ordering agency may request special poly shrink-wrapping for packing specific quantity per pack within a carton. A charge will be allowed for the number of wrappings.

7. **Time of Delivery** - In general, a normal delivery schedule shall be considered three (3) weeks unless proof is required. Three (3) working days are added when proof is required, and, if additional proofs are required, another three (3) days will be allowed for each additional proof. (If additional proofs are required due to printer's errors, no additional time will be allowed).

All shipments shall be F.O.B. destination (Inside Delivery) as specified by agency, including all cost of transportation and inside delivery within any office or building as specified. The contractor shall ship by any reasonable method to insure prompt delivery.

If the original printing work order includes an authorization for the order to be delivered in less than the above normal schedule, a rush up charge of 10% may apply. Authorized personnel at the Agency must approve all emergency orders.

Should an agency require an expedited shipment, whether on an order entered initially as a normal delivery, or whether above and beyond the delivery required, to be provided by the contractor on a rush order, the agency will provide written authorization for the expedited delivery.

## **COMMISSION, CERTIFICATES, LICENSES, & DIPLOMAS**

### **GENERAL REQUIREMENTS (CONTINUED)**

Express charges shall be prepaid and the excess amount (exceeding standard truck freight rates) added to the invoice. If the Agency is not satisfied with papers available through this contract, the contractor is to offer an estimate of the price of the requested paper. The Agency will determine whether the additional cost is justified, and will determine whether or not the job should be bid, or whether paper will be competitively bid and furnished to the contractor for this job, or whether the special paper can be priced otherwise. The Agency will advise the contractor whether or not to return the requisition. Failure to follow this procedure may result in Agency not approving contractor's invoice.
